

## PACKING FOR YOUR TRIP

### PROM DRESSES PROHIBITED

Avoid bringing anything that can be damaged by exposure to sun, saltwater and bursts of wild physical activity. *Zodiac* is a working ship and passengers will be expected to take part in her daily maintenance routine. This will include watchstanding (steering the ship, standing lookout, navigational duties and more) as well as hoisting sail, washing the decks, polishing brass and assisting our professional cooks.

### BEDDING

*Zodiac* passengers berth in comfortable bunks, each equipped with a personal light. Bunks have a mattress, sheet, blanket, pillow and pillowcase. Passengers must supply their own sleeping bag. Storage space is extremely limited so be sure to bring your belongings in a soft bag that can be easily stowed, collapsed, folded or otherwise made small enough to share your bunk when needed.

### CLOTHING

Weather can be extremely variable. Expect rain, wind, sunshine and fog. Watchstanding can be very cold and wet at times. "Rain resistant" clothing will soak through in a downpour and can be hard to adequately dry. Waterproof clothing is strongly encouraged. A hat, warm jacket and comfortable footwear are essential. There is no laundry service available, so bring enough for your full voyage.

### ALCOHOL

*Zodiac* does not supply any alcoholic beverages, but passengers may bring along their own if they wish. Local age restrictions governing consumption will be observed.

### FISHING

Fishing requires licenses and equipment that *Zodiac* does not provide, so we discourage passengers from fishing except on the long Desolation Sound cruises.

### JEWELRY

We'd rather you didn't bring the Crown Jewels, and we strongly suggest that if you must bring jewelry, have a plan and a container to keep it safe within your duffelbag when you are sailing.

### ESSENTIALS

- Sleeping bag
- Health form
- Release of liability
- Toiletries
- Flashlight
- Bath, hand and face towels
- Medications
- Extra shoes
- Extra socks
